- (4) Credit "CR" means that a student has shown college level competence by satisfactorily pursuing a regular university course under the credit/noncredit registration option. An undergraduate student who has completed at least fifty percent of the work toward a degree, or a postbaccalaureate student, may register for selected courses on a credit/noncredit basis. The student should consult his/her academic adviser for details.

Noncredit "NC" is assigned if the work pursued under this option is unsatisfactory. The student may secure information about this option from an adviser or from the university's "Undergraduate Bulletin."

- (5) Permanent incomplete "PI" means that the student's instructor and the instructor's dean may for special reasons authorize the change of an "I" to a "PI."
- (6) No grade reported "NGR" indicates that at the time grades were processed for the current issue of the record, no grade had been reported by the instructor.
- (7) Invalid "INV" indicates the grade reported by the instructor of the course was improperly noted and thus unacceptable for proper processing.

(D) Dropping courses - applicable to undergraduate and graduate students.

- (1) It is the responsibility of the student to determine the impact of dropping from courses on matters such as financial aid (including scholarships and grants), eligibility for on-campus employment and housing, athletic participation, and insurance eligibility.
- (2) Students may drop a course through the second week (fourteenth calendar day) of a semester or proportionally equivalent dates during summer session, intersession, and other course terms. No record of the course will appear on the student's transcript. For purposes of this policy, the course term for a course that meets during a semester but begins after the beginning of a semester and/or ends before the end of a semester begins when its class meetings begin and ends when its class meetings end.
- (3) Dropping a course shall not reduce or prevent a penalty accruing to a student for misconduct as defined in the code of student conduct.
- (4) Degree-granting colleges may supplement this policy with more stringent requirements.
- (5) This policy shall take effect at the beginning of the fall 2011 semester for all newly enrolled undergraduate students. In addition, this policy shall take effect at the beginning of the fall 2013 semester for all currently and previously enrolled undergraduate students who have not graduated prior to the start of the fall 2013 semester.

(E) Withdrawing from courses - applicable to undergraduate and graduate students.

- (1) It is the responsibility of the student to determine the impact of withdrawing from courses on matters such as financial aid (including scholarships and grants), eligibility for on-campus employment and housing, athletic participation, and insurance eligibility.
 - (2) After the fourteen-day drop period, and subject to the limitations below, students may withdraw from a course through the seventh week (forty-ninth calendar day) of a semester or proportionally equivalent dates during summer session, intersession, or other course terms. A course withdrawal will be indicated on the student's official academic record by a grade of "WD."
 - (3) This policy shall take effect for all students at the beginning of the fall semester of 2011.
- (F) Withdrawing from courses - applicable to undergraduate students only.
- (1) Undergraduate students may not withdraw from the same course more than twice. If a student attempts to withdraw from a course after having withdrawn from it twice before, he or she will continue to be enrolled in the course and will receive a grade at the end of the semester.
 - (2) Full-time undergraduate students who need to withdraw from all courses for documented extraordinary, non-academic reasons (e.g., medical treatment or convalescence, military service) must obtain the permission of the dean of their college. For purposes of this paragraph,
 - (a) Students are considered full-time if they were enrolled as full-time students at the beginning of the term; and
 - (b) Courses for which the student has completed all requirements are excluded.
 - (3) Undergraduate students who withdraw from two courses either before they have earned thirty credits, or after they have earned thirty credits but before they have earned sixty credits, are not permitted to register for additional courses until they have consulted with their academic adviser. The purpose of this consultation is to discuss the reasons for the course withdrawals and to promote satisfactory academic progress by helping students develop strategies to complete their courses successfully.
 - (4) Except as otherwise provided below, undergraduate students may not withdraw from more than four courses before they have earned sixty credits. Students who attempt

the dean of their college requesting that these courses not be counted toward the four-course withdrawal limit. The dean may grant this permission if, in the dean's judgment, it is consistent with the best academic interests of the student and the best interests of the university.

- (6) After the withdrawal deadline, undergraduate students may submit a written petition to the dean of their degree-granting college requesting partial withdrawal, after the deadline, for documented extraordinary, non-academic reasons (e.g. medical treatment or convalescence, military service). If the student i

(J) Exemption from required courses.

Qualified students may be exempted from courses by examination, testing, or other means approved by the college faculty in which the course is offered.

(K) Faculty tutoring.

If a faculty member tutors a student in a credit course, the student's examination and other performance in the course must be planned and evaluated by another faculty member or by an approved faculty member from another university.

(L) Repeating courses.

Any course may be repeated twice by an undergraduate student subject to the following conditions:

- (1) To secure a grade ("A" through "F") a student may repeat a course in which the

(b) Satisfied both of the following:

- (i) Wait a minimum of five calendar years from the date of dismissal, and;
 - (ii) Submit a written statement describing the causes of poor academic performance and steps taken toward improvement since dismissal.
- (6) Students readmitted under paragraph (M)(5) of this rule will be evaluated for dismissal immediately following the first semester after readmission, with the option to retain for one additional semester if the term grade point average has improved significantly, but the cumulative grade point average remains below 2.0.
- (7) Students dismissed from the university for reasons other than failure to meet academic standards are readmitted by action of the president only.

(N) Auditing courses.

A student choosing to audit a course must elect to do so at the time of registration. The student pays the enrollment fee and may be expected to do the work prescribed for students taking the course for credit, except that of taking the examination. Any faculty member may initiate withdrawal for a student not meeting these expectations.

(O) Scheduling field trips.

The university encourages faculty members to arrange worthwhile field trips which they believe will add substantially to the course they teach. Before scheduling a field trip which is not listed in the university "Undergraduate Bulletin" as an integral part of the course, faculty members should receive approval from their dean. The request for approval should state the name and number of the course, the number of students and faculty members making the trip, the nature of the trip, the destination and the time required for the trip. If students will miss other classes, they must consult their instructors so that work missed because of an approved trip can be made up. Faculty members should contact the purchasing department about insurance coverage.

(P) Dealing with academic misconduct.

- (1) The university reserves the right to discipline any student found responsible of academic misconduct in accordance with the code of student conduct. The student's faculty member shall refer the matter to the office of student conduct and community standards or a designated representative of that office to investigate the alleged misconduct and determine the outcome.
- (2) A faculty member who has evidence that a student has cheated in any term papers, theses, examinations or daily work shall report the student to the department chair who in turn shall report the matter to the student's dean. Faculty members should be

familiar with the student disciplinary procedures in order to protect the rights of students who have been alleged of academic dishonesty or other misconduct.

- (3) All tests and examinations shall be proctored except in colleges of the university with honors systems which have been approved by the faculty senate.
- (4) Members of the faculty of the school of law should consult with their dean as to procedures under the honor system of that school. Faculty members should become familiar with the student disciplinary procedures and the school of law honor system.
